Clarity: Lines & Calls

How do we start talking?

Once we have all of your details we will begin the process of setting up your Clarity Telecom service.

We will make all of the arrangements for the transfer of your line to Clarity Telecom. You will receive a final bill from your current carrier which will include the refund of any line rental that you have paid in advance. You should pay this bill as normal. From that point you will rent your lines from Clarity Telecom.

If we discover that you have services on your lines that we cannot provide, we will let you know and propose a solution.

We will contact you to keep you updated with the progress of your connection.

If you have any questions or concerns, please call our Customer Care Team on 0800 912 1000.

The lowest prices guaranteed

Your current carrier may contact you before your transfer to Clarity is completed and ask you to stay with them. They may even offer you a different product from their portfolio. But remember, Clarity guarantees that we will save you money compared to your current carrier, no matter what your tariff is.

Once you have become a Clarity Telecom customer, if you feel you have not saved money we will compare your bill to any package of your choice. If we don't show you savings against this package, we will pay your next month's bill. (See our price guarantee for details.)

You will have the right to cancel your Clarity service within 7 days of signing our contract. You can do this by calling our Customer Care team on 0800 912 0999. Once you have transferred to our service you are required to abide by the terms of the agreement.
